

RPC Global's Policy On Health, Safety, Environmental and Quality Issues

RPC Global, Inc., is committed to acting in an efficient, safe, healthy, and environmentally responsible manner. To achieve this result, we:

1. Ensure our practices comply with relevant statutory, regulatory, and other requirements imposed by City, State, Federal and other interested parties
2. Maintain and continually improve our Environmental, Health and Safety Management System and continued adherence to current R2, 14001, 18001 and 9001 standards
3. Operate in a manner that is committed to environmental responsibility. This includes ensuring the health of the public as well as our staff and guests.
4. Responsibly manage the use of materials to promote recycling or reuse of electronics. Assuring both upstream and downstream suppliers conform to our expectations.

Top Management is committed to achieving these goals by periodically reviewing procedures, training of staff, and auditing our procedures to ensure continued effectiveness of the Environmental, Health, Safety and Quality Management System.

A handwritten signature in black ink, appearing to read 'Reiver Gonzalez', is written over a light gray horizontal line.
